

MEDIA RELEASE

June 2025

Bali Meat Park Festival X The Bali Restaurant & Café Association Saturday 12th & Sunday 13th of July 3-11pm

The Bali Restaurant & Café Association is a platform striving to promote Bali as a world class culinary destination, to promote and improve the standards of the culinary industry, to educate and train people engaged in the industry, create positive networking opportunities, and encourage collaboration and support for each other for the greater good of all.

The Founders & Board of the Bali Restaurant & Café Association cannot stress enough the importance of supporting this Bali Meat Park event. As hospitality professionals we admire and praise innovators in our industry, so when someone digs deep and brings their vision to life, they automatically gain our support (or they should). Mauro Bellodi has a vision, and what a splendid vision it is! Mauro is dreaming big and believes his festival will grow with each passing year (we do to).

The Bali Restaurant & Café Association is proud to support this initiative, as this festival in its uniqueness is shining a bright light on innovative restaurants, chefs and producers, and is encouraging growth and creativity within Bali's bustling food scene. Fire, barbecue smoke, drinks, music and sand, there is something about getting back to basics that has an irresistible pull. All this is done with true community spirit, and it is quite special being a part of it.

The BRCA has eleven members participating. There are fifty tents/ stall holders in total. The BRCA members to keep an eye out for at the event are (look for the BRCA logo):

- | | |
|------------------------------------|-----------------------------------------|
| 1. 2080 Burger | 7. Jackson Lily's by Ginger Moon |
| 2. Adriana Cocina & Bar | 8. Mason |
